

**NHS FUNDING INITIATIVE FOR SCHOOL CHILDREN IN THE WHARFE VALLEY**

31<sup>st</sup> January 2018

Dear Parent

Acorn Dental Centre have entered into a partnership with the local primary schools in the Wharfe Valley.

We have a limited number of on-going NHS funded places available and are in a position where we would like to promote good oral and dental hygiene to young children in the local area.

Regular visits to a dentist do help to educate and encourage children to take care of their teeth in their formative years. Tooth decay and poor dental hygiene is still the main reason for many children being admitted to hospital for tooth extractions.

Should you wish to take advantage of this opportunity please contact our reception team to make an appointment for February or March. Please could you quote 'Wharfe Valley School NHS Initiative' and your child's school when making an appointment.

Kind Regards

**Acorn Dental Team**
