

AIRE VIEW INFANT SCHOOL

Curriculum Policy Summary

The policy sets out the principles that inform teaching and learning at Aire View Infant School and reflect the school's commitment to developing all aspects of pupils' lives. It states our values and aims as well as general principles.

Children learn most effectively when...

- they are happy, healthy, fed, safe and rested.
- They are motivated, interested and involved.
- lessons are purposeful and well prepared
- new learning experiences are carefully planned and introduced in a highly systematic, structured way.
- there are plenty of opportunities to handle real materials and objects and to learn from first hand experiences.
- teachers and support staff feel both professionally and personally valued and their continual development is encouraged.

Children are encouraged to develop independence and organisational skills through...

- active encouragement from all staff and parents
- well organised and accessible classrooms, play and work areas and out of school opportunities

Children's learning takes place in an environment that

- is well resourced and stimulating,
- is encouraging, happy, supportive and offers praise.
- is well-organised, well-structured and kept clean and tidy
- is welcoming, inviting and informative
- provides appropriate learning opportunities for all children

A full version of the Policy can be accessed on the school website
