Monitoring must be linked in to our Key Priorities.</p> <p>Named Governors can also take the opportunity to speak with the relevant staff.</p> <p>We will evaluate the day, afterwards</p>

52. Strategic Priority Area 1 – Standards	<p><u>a. Headteacher’s Report</u></p> <p>The report had been circulated prior to the meeting.</p> <p>The report follows the sharp focus priorities.</p> <p>The figures on the quality of teaching were highlighted. All teachers are being held to account for the quality of their teaching.</p>	

The development of teachers was particularly noted by Mr Procter and the steady increase in the overall quality of teaching in school was noted
As discussed at Standards Committee a model for coaching has been studied by Mrs Cloke and Mr Crossley at Parkwood. Mrs Cloke advised of the discussions held with the Head & Deputy as well as individual teachers and the system in place, at that school and the learning from that which can be brought to our school

Reading in YR4 - Mrs Cloke advised that this is an area of particular focus

The Leadership & Management priorities were included in the report.

The retirement of Mrs Oates after 21 years' service was particularly noted and Governors thanked her for her service to the school and community.

b. Standards Committee

The minutes had been circulated prior to the meeting.

The December series of pupil assessments had been carried out.

Mr Procter reminded governors that the judgements about whether children are working at the Age-Related Expectation are carried out in school without a national levels system to refer to (this has been abandoned nationally)

The difficulties therefore in benchmarking figures with previous years were noted.

Reading in YR4 is a focus

Mr Whitaker outlined the Standards committee meeting format to Governors including the involvement of the LA. Important actions for the next meeting of this Committee are

- Group data to be presented.
- Sample workbooks from targeted groups will be presented
- Pupil Premium: A large proportion of disadvantaged pupils join the school well below ARE.

The progress of these pupils is essential as is closing the Gap in attainment between PP children and non-PP children. School is not yet secure in demonstrating that this is being achieved.

The use of PP funding and the need to evidence the impact of this was stressed by Mr Whitaker.

Sample workbooks and case studies for Pupil Premium intervention will be presented at the next meeting.

The quality of teaching was also discussed at the meeting including the exemplary practice seen in school.

The Committee had appreciated receiving written reports from subject leaders in Maths Reading and Writing. This is to be repeated at the next meeting together with a report on science

The new Behaviour Policy was adopted.

The Serious incident log was presented and analysed.

c. Governor Checks

We still need to systemize this important additional process. The Visiting Day, and 2 February training, will assist in developing that.

d. Governors' Sharp Focus Working Document

Governors were encouraged to study the document which sets out progress against our Key Priority Areas and is being regularly updated and placed on the secure part of the website

<p>53.</p>	<p>Strategic Priority Area 2 – Governance Improvement</p> <p><u>a. Chair’s Report</u> This had been circulated prior to the meeting and was detailed by Mr Whitaker. Mr Whitaker welcomed feedback on his report and the Headteacher’s report. A checklist of documents to be studied prior to meetings was requested by Mrs Middleton. It was agreed that documentation will be placed on the website for Governors (see above) A summary of the key areas which are discussed/noted at committee meetings was requested to be clearly communicated to Governing Board meetings.</p> <p>Governors agreed that the key priority areas were clear and the new 2 committee structure was noted as working well.</p> <p><u>b. Governor Monitoring and Evaluation Training 2nd February 2016 5.30pm to 7.30pm.</u> Aire View Governors have been invited but it clashes with their full governing body meeting Governors were all encouraged to attend this training- delivered by the head of the Exceed Teaching School</p> <p><u>c. Other Actions – including</u></p> <p>i. skills audit and recruitment The need to recruit a Co-opted Governor was noted Mr Whitaker agreed to contact the School governors’ one-stop shop to try and find a suitable candidate.</p> <p>The governors were supportive of seeking a governor, to be an Associate Member, with a specific role/remit relating to the school unification project</p> <p>ii. engagement with stakeholders How this can move forward was discussed and Mrs Middleton agreed to investigate this further with a view to producing a plan</p> <p><u>d. General governor continuing professional development and training record</u> Katie Asquith has attended Governor Induction training which was held at Riddlesden St Mary’s. Mrs Middleton has attended Prevent training.</p>	<p>Review how to bring ‘headlines’ from Committee Meetings</p>
<p>54.</p>	<p>Strategic Priority Area 3 – Unification of Silsden Schools</p> <p>Whether the unification will proceed depends on the outcome of the Bradford Council Executive meeting on 9 February.</p> <p>There will be a joint session of the Hothfield and Aire View Governing Boards on Monday 29th February at Aire View – 6.30pm</p> <p>Assuming that the unification is approved at that meeting then It is hoped that Bradford HR will present options for leadership structures for the new combined school I at the March meeting of the joint schools governors group Governance s an area still to be explored for the new school.</p> <p>.</p>	
<p>55.</p>	<p>Resources Committee – Report through minutes</p> <p>Future funding constraints were discussed</p> <p>The planned overspend of 20k (out of a carry forward from previous budgets) is now a 25k overspend. The school is fully compliant with the SFVS.</p>	

	<p>The schedule of work for the new caretaker was discussed.</p> <p>The committee began the process of setting the 2015-16 budget, reflecting the priorities for the school.</p> <p>The efficient and productive nature of the meeting, in consequence of combining the finance and personnel functions into one single meeting, was noted by Mr Whitaker.</p> <p>Budget constraints will mean that school can no longer provide any funding for Y3 swimming lessons at the Swimstart facility. It is hoped that school can facilitate after school swimming at Swimstart for Y3s</p> <p>The school recognizes the importance of Swimstart in our community and continues to be supportive of Swimstart</p>	
<p>56.</p>	<p>Any Other Business</p> <p>NGA – Log in details have been circulated. Governors were encouraged to regularly visit their website and read their emails as NGA provides excellent guidance and updates for governors</p> <p>Visiting Policy The draft policy had been circulated prior to the meeting. The Visiting Day will be an ideal opportunity to see how the policy would work in practice, and/or how it might need refining</p>
