

Creative Home Learning Ideas

Splendid Skies

Below are some ideas based around our new topic. Please read the ideas to your child and let them choose which activities they would like to complete at home with you or on their own. We would like to invite parents into class on **Thursday 12th December 3.30-4pm** to enable the children to showcase the wonderful work they have done both in class and at home with you.

- Learn how to fly a kite, asking an adult to help you.
- Visit your local library to look for stories about the weather. Which is your favourite?
- Go out on a rainy day to find the biggest, widest and deepest puddle!
- Make your own weather chart and keep a record of the weather every day.
- Learn how to spell the weather words such as rain, wind, snow, sun, storm, wet, dry, hot and cold.
- Go on a walk taking photographs of signs of the seasons such as leaves falling from the trees.
- Collect rainwater in a container, how much can you collect in a week?
- Show an adult how to make a shadow with a torch.
- Make a mini-book containing pictures of yourself wearing outfits suitable for each season or weather type.
- Take your teddy with you on a day out. Write about where teddy went, what he did and what the weather was like.

Have fun and just call in and ask any of the Year 1 team if you have any queries regarding the home learning activities.

We will continue to send a Maths worksheet home each week to consolidate what your child has been learning in Maths lessons during the week.
