

SPRING 2 Creative Home Learning

I am Warrior!

Year 3

What will you choose?

Hello all, and welcome back to Spring 2. How fast is the year going?

We have a very exciting half term based on the history of the Celts and the Romans and how they invaded Great Britain more than 2000 years ago. We have already taken part in the "Hook" for this topic by visiting Brigantium, the Roman Fort in York. The children had a fantastic experience and gained so much knowledge about how the Romans lived. We hope that your children will really enjoy building on this learning and we would love you and your child to do at least 2 of the following...

Write some number calculations using Roman numerals for a friend to solve.

Find out the dates of birth of your family and friends and write them In Roman numerals.

Research Roman life using books from your local library. What was the role of a warrior?

Look at Roman artefacts in a museum. Create a Powerpoint with interesting facts.

Look at holiday brochures and on line websites to find out about modern day Rome as a tourist destination. Which attractions would you like to visit? What is the weather like?

Where else would you like to go to in Italy?

Try to find a map of Roman Britain. Can you find out any of the names of the towns and cities? What are their modern names?

Make a model of a Roman villa from research on the internet.

Make a drawing of a Roman god or goddess. Write a fact file about them.

Homework is due in on Friday 27th March so we can display it at the Year 3 showcase in classes on Thursday 2nd April 2020. Thank you, and enjoy your homework.
