Summer 2

Home Learning Ideas

Below are some ideas based around our new topic. Please read the ideas to your child and let them choose which activities they would like to complete at home with you or on their own. Try to complete at least 2 activities by the end of the half-term. Make sure you bring your home learning in throughout the half term so that it can be displayed.

- ◇ Make a fabric dye from a strongly coloured fruit or vegetable. Try beetroot, carrot, tea, spinach or strawberry. Try dip-dyeing an old white t-shirt or handkerchief into your coloured dye.
- ◇ Design your own edible wallpaper. What flavour will you choose?
- ◇ Research how cheese is made and document its journey.
- ◇ Fancy a hot drink? Find out where tea and coffee comes from. Can you use these to create a piece of artwork?
- ◇ Design your own marvellous machine to help in the kitchen, label it and explain how it would be useful.
- ◇ Create a recipe book of your families favourite recipes.
- ◇ Research a food festival from around the world and design a headpiece that could be worn there.
- ◇ Research the artist Guiseppe Arcimboldo and design your own portrait in his style.
- ◇ Invent your ultimate three course meal consisting of starter, main and dessert and draw a picture to represent each one.
