

Year 3 Learning Leaflet

Topic

Topic: Technology Focus

We will be linking our topic with our English text and solving problems for Wallace and Gromit and Mr Fox.

We will be learning about how to make things move further using catapults.

We will be researching some of the world's most amazing machines

Move It

This half term will be exploring what it takes to make something move and what we can do to lift, throw and carry. We will be designing contraptions, working towards understanding simple mechanics. We will be linking this topic to our English using Wallace and Gromit's inventions and thinking about how to help Fantastic Mr Fox.

English

We will start term by looking at some poetry, writing Kennings. We will then be writing an explanation text to describe how a chicken catching contraption works and then trying to sell it in the Dragon's Den using persuasion! We are using Roald Dahl's Fantastic Mr Fox as inspiration.

Maths

This half term we will be focussing on multiplication, grouping, division and how they complement each other. We will then be learning how to calculate area and perimeter.

RE—How do the 5 pillars help Muslims to lead a good life?

French— Days, months, colours and numbers

Music—Exploring musical elements.

Don't forget!

- Times Table Rock Stars and Spelling Shed, these logins are stuck in the back of Reading Records.
- Reading three times a week and logging on Boom Reader
- Reading books can be changed any day
- Creative home learning tasks to be showcased.
- Weekly spelling and homework tasks need to be completed for **Mondays**.
- **Junior Dukes**—start working on the challenges and bringing in evidence!

Science

This half term the children will be learning all about forces.

The children will have great fun exploring forces in action. They' will have opportunities to observe how magnets attract or repel each other, and invent their own magic tricks.
